Board's Strategic Goal

Quality of Life

Previous Action

May 16, 2024 (Item 24A): - The consultant presented statistical data as well as input received to date to the Board of Supervisors ("Board") and the Planning Commission.

January 31, 2024 (Items 5A and 5B) – The consultant presented the public engagement plan and the key themes on the Master Plan update to a joint meeting of the Board and Planning Commission.

October 19, 2023 (Item 15A) – The Board approved a contract with Consultant to perform an update of the Carson City Land Use Master Plan Project.

Background/Issues & Analysis

The existing Master Plan was adopted in 2006. The City has hired the Consultant to work with the community to update the plan.

In December, the Consultant met with each Board member and Planning Commission as well as other community members to get input on the 2006 Master Plan. The consultant used this information to identify key themes, which were then presented, in January 2024, to a joint meeting of the Planning Commission and the Board for its input. At that same meeting, the consultant presented the public engagement plan for input.

In May 2024, the consultants presented trends and existing condition data, key themes as well as community input information to the Commission and Board.

The purpose of this item is for the commissioners to discuss what the Master Plan Update should address.
